My dearest Mother,

I had hoped to
have had a letter from you
to-day and hope that you
are well and that Dad
is progressing.

I have very little
news for you. We are all
pretty well and Posh is
very lively. I am very
busy at the Factory and
am writing an important
report which one day
will be published. That
R.38 paper of mine, by

the way, was (I forget
if I told you) published
again as a book at
5/- a time. I have no
royalties however as
by receiving the prize
I automatically sold
the copyright to the
Aeronautical Society.

Much love from Maymie
& Posh and me to you
both,

Your own son

Harold.
